You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms “information” or “health information” in this notice include any information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws related to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website such as www.uhcsr.com. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

\(^3\)For purposes of this Financial Information Privacy Notice, “we” or “us” refers to the entities listed in footnote 2, beginning on the last page of the Health Plan Notices of Privacy Practices, plus the following UnitedHealthcare affiliates: Dental Benefit Providers, Inc.; Health Allies, Inc.; Spectera, Inc.; UMR, Inc.; United Behavioral Health, and United Behavioral Health of New York, I.P.A., Inc. This Financial Information Privacy Notice only applies where required by law. Specifically, it does not apply to any other UnitedHealth Group health plans in states that provide exceptions for HIPAA covered entities or health insurance products.
Residents of Louisiana who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are required by law to be members of the Louisiana Life and Health Insurance Guaranty Association (LLHIGA). The purpose of LLHIGA is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this happens, LLHIGA will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, keep coverage in force. However, the valuable extra protection provided by these insurers through LLHIGA is limited. As noted in the disclaimer below, this protection is not a substitute for consumers’ care in selecting companies that are well-managed and financially stable.

**DISCLAIMER**

The Louisiana Life and Health Insurance Guaranty Association provides coverage of claims under some types of policies if the insurer becomes impaired or insolvent. COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY. Even if coverage is provided, there are significant limits and exclusions. Coverage is always conditioned upon residence in this state. Other conditions may also preclude coverage.

Insurance companies and insurance agents are prohibited by law from using the existence of the Association or its coverage to sell you an insurance policy.

You should not rely on the availability of coverage under the Louisiana Life and Health Insurance Guaranty Association when selecting an insurer.

The Louisiana Life and Health Insurance Guaranty Association or the Department of Insurance will respond to any questions you may have which are not answered by this document.

The state law that provides for this safety-net coverage is called the Louisiana Life and Health Insurance Guaranty Association Law (the law), and is set forth at R. S. 22:2081 et seq. The following is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change any person’s rights or obligations under the Act or the rights or obligations of LLHIGA.

**COVERAGE**

Generally, individuals will be protected by the Life and Health Insurance Guaranty Association if they live in this state and hold a direct non-group life, health, or annuity policy or contract, a certificate under a direct group policy or contract for a supplemental contract to any of these, or an unallocated annuity contract, issued by an insurer authorized to conduct business in Louisiana. Introduction

Welcome to the UnitedHealthcare StudentResources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company (“the Company”).

The school (referred to as the “Policyholder”) has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or “PPO” plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan’s network of “Preferred Providers.” The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as “Out-of-Network Providers.” However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan’s web site at www.uhcsr.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-866-948-8472 toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-866-948-8472. The Insured can also write to the Company at:

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy’s eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All Domestic undergraduate and graduate students registered for resident study and taking classes at LSU Baton Rouge are eligible to enroll in this insurance plan.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse and dependent children or grandchildren who meet the limits of a dependent set forth in the Dependent definition.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse.
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.
Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., July 1, 2019. The Insured Person’s coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 13, 2020. The Insured Person’s coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

The Insured Person must meet the eligibility requirements each time a premium payment is made. To avoid a lapse in coverage, the Insured Person’s premium must be received within 30 days after the coverage expiration date. It is the Insured Person's responsibility to make timely premium payments to avoid a lapse in coverage.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

**Section 8: Coordination of Benefits Provision**

The Coordination of Benefits (COB) provision applies when an Insured Person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense as provided for in §303A.(a.-e.) of Regulation 32.

**DEFINITIONS**

A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage except those enumerated in LSA-R.S. 22:1000 A.3C; benefits for non-medical components...
of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the Insured Person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. Allowable Expense is a health care service or expense, including Deductibles, Coinsurance and Copays, that is covered in full or at least in part by any Plan covering the Insured Person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any Plan covering the Insured Person is not an Allowable Expense.

The following are examples of expenses that are and are not Allowable Expenses:
1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If an Insured Person is covered by 2 or more Plans that compute their benefit payments on the basis of Usual and Customary Charges or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If an Insured Person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If an Insured Person is covered by one Plan that calculates its benefits or services on the basis of Usual and Customary Charges or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan’s payment arrangement shall be the Allowable Expense for all Plans.
5. The amount of any benefit reduction by the Primary plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed Panel Plan is a Plan that provides health care benefits to an Insured Person primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

G. We, Us, Our is the Company named in the Policy.

ORDER OF BENEFIT DETERMINATION RULES

When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
1. Except as provided below, a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are
superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the Insured Person other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the Insured Person as a Dependent is the Secondary Plan. However, if the Insured Person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Insured Person as a Dependent; and primary to the Plan covering the Insured Person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Insured Person as an employee, member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.

2. Dependent Child COVERED UNDER MORE THAN ONE PLAN. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:
   a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
      i. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
      ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
   b. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      i. If a court decree states that one of the parents is responsible for the Dependent child’s health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
      ii. If a court decree states that both parents are responsible for the Dependent child’s health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
      iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
      iv. If there is no court decree allocating responsibility for the Dependent child’s health care expenses or health care coverage, the order of benefits for the child are as follows:
         a) The Plan covering the Custodial Parent;
         b) The Plan covering the spouse of the Custodial Parent;
         c) The Plan covering the non-custodial parent; and then
         d) The Plan covering the spouse of the non-custodial parent.
   c. For a Dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
   d. For a Dependent child covered under spouse’s plan
      i. For a Dependent child who has coverage under either or both parents’ plans and also has his or her own coverage as a Dependent under a spouse’s plan, the rule in Paragraph (5) applies.
      ii. In the event the Dependent child’s coverage under the spouse’s plan began on the same date as the Dependent child’s coverage under either or both parents’ plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child’s parent(s) and the Dependent’s spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers an Insured Person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if an Insured Person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If an Insured Person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Insured Person as an employee, member, subscriber or retiree or covering the Insured Person as a Dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Insured Person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the Insured Person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan Deductible, Coinsurance, Copays and any amounts it would have credited to its Deductible in the absence of other health care coverage.

B. If an Insured Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. Effect on the Benefits of This Plan

1. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year or claim determination period are not more than 100 percent of total Allowable Expenses. The difference between the benefit payments that This Plan would have paid had it been the Primary Plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the Insured Person and used by This Plan to pay any Allowable Expenses, not otherwise paid during the claim determination period. As each claim is submitted, This Plan will:
   a. determine its obligation to pay or provide benefits under its contract;
   b. determine whether a benefit reserve has been recorded for the Insured Person; and
   c. determine whether there are any unpaid Allowable Expenses during that claims determination period.

2. If there is a benefit reserve, the Secondary Plan will use the Insured Person's benefit reserve to pay up to 100 percent of total Allowable Expenses incurred during the claim determination period. At the end of the claims determination period, the benefit reserve returns to zero. A new benefit reserve must be created for each new claim determination period.

3. If an Insured Person is enrolled in two or more Closed Panel Plans, and if for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that plan and other Closed Panel Plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the Insured Person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each Insured Person claiming benefits under This Plan must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. The Company will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization
that may be responsible for the benefits or services provided for the Insured Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

COORDINATION OF BENEFITS - IMPORTANT NOTICE

This is a summary of only a few of the provisions of the health plan to help the Insured Person understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in the insurance contract, which determines The Insured Person’s benefits.

Double Coverage
It is common for Dependents to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When an Insured Person is covered by more than one health plan, state law permits insurers to follow a procedure called “coordination of benefits” to determine how much each should pay when an Insured Person has a claim. The goal is to make sure that the combined payments of all plans do not add up to more than the Insured Person’s covered health care expenses.

Coordination of benefits (COB) is complicated and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If the Insured’s situation is not described, read the evidence of coverage or contact your state insurance department.

Primary or Secondary?
The Insured Person will be asked to identify all the plans that cover Dependents. The Company needs this information to determine whether We are the “primary” or “secondary” benefit payer. The Primary Plan always pays first when the Insured Person has a claim.

Any Plan that does not contain the state’s COB rules will always be primary.

When This Plan is Primary
If the Insured Person or a Dependent is covered under another Plan in addition to this one, We will be primary when:

- **The Insured Person’s Own Expenses**
  - The claim is for the Insured Person’s own health care expenses, unless the Insured Person is covered by Medicare and both the Insured Person and the Insured Person’s spouse are retired.

- **The Insured Person’s Spouse’s Expenses**
  - The claim is for the Insured Person’s spouse, who is covered by Medicare, and neither the Insured Person or the spouse are retired.

- **The Insured Person’s Dependent Child’s Expenses**
  - The claim is for the health care expenses of the Insured Person’s child who is a Dependent under This Plan and
  - The Insured Person is married and the Insured Person’s birthday is earlier in the year than the Insured Person’s spouse’s or the Insured Person is living with another individual, regardless of whether or not the Insured Person has ever been married to that individual, and the Insured Person’s birthday is earlier than that other individual’s birthday. This is known as the “birthday rule”; or
  - The Insured Person is separated or divorced and the Company has been informed of a court decree that makes the Insured Person responsible for the Dependent child’s health care expenses; or
  - There is no court decree, but the Insured Person has custody of the Dependent child.

Other Situations
The Company will be primary when any other provisions of state or federal law require us to be.

How the Company Pays Claims When We Are Primary
When the Company is the Primary Plan, We will pay the benefits in accordance with the terms of the Insured Person’s contract, just as if the Insured Person had no other health care coverage under any other Plan.

How the Company Pays Claims When We Are Secondary
The Company will be secondary whenever the rules do not require us to be primary.
When the Company is the Secondary Plan, We do not pay until after the Primary Plan has paid its benefits. We will then pay part or all of the Allowable Expenses left unpaid, as explained below. An Allowable Expense is a health care service or expense covered by one of the Plans, including Copays, Coinsurance and Deductibles.

- If there is a difference between the amount the Plans allow, We will base Our payment on the higher amount. However, if the Primary Plan has a contract with the provider, Our combined payments will not be more than the contract calls for. Health maintenance organizations (HMOs) and preferred provider organizations (PPOs) usually have contracts with their providers.
- We will determine Our payment by subtracting the amount the Primary Plan paid from the amount We would have paid if we had been primary. We will use any savings to pay the balance of any unpaid Allowable Expenses covered by either Plan.
- If the Primary Plan covers similar kinds of health care expenses, but allows expenses that We do not cover, We will pay for those items as long as there is a balance in the Insured Person’s benefit reserve, as explained below.
- We will not pay an amount the Primary Plan did not cover because the Insured Person did not follow its rules and procedures. For example, if the Insured Person’s Plan has reduced its benefit because the Insured Person did not obtain pre-certification, as required by that Plan, we will not pay the amount of the reduction, because it is not an Allowable Expense.

**Benefit Reserve**
When the Company is secondary, We often will pay less than We would have paid if we had been primary. Each time We “save” by paying less, We will put that savings into a benefit reserve. Each Dependent covered by This Plan has a separate benefit reserve. We use the benefit reserve to pay Allowable Expenses that are covered only partially by both Plans. To obtain a reimbursement, the Insured Person must show the Company what the Primary Plan has paid so We can calculate the savings. To make sure the Insured Person receives the full benefit or coordination, the Insured Person should submit all claims to each Plan. Savings can build up in the Insured Person’s reserve for one year. At the end of the year any balance is erased, and a fresh benefit reserve begins for each Insured Person the next year as soon as there are savings on their claims.

**Notice to Insured Persons**
If an Insured Person is covered by more than one Plan, claims should be filed with each Plan.

**Section 9: Student Health Center (SHC) Referral Required**

**STUDENTS ONLY**
**OUTPATIENT SERVICES ONLY**
The student must use the services of the Health Center first where outpatient treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained are excluded from coverage. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student must return to SHC for necessary follow-up care.
2. When the Student Health Center is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 25 miles from campus.
5. Medical care obtained when a student is no longer able to use the SHC due to a change in student status.
6. Maternity, obstetrical and gynecological care.

**Section 10: Continuation Privilege**

All Insured Persons who have been continuously insured under the school's regular student policy for at least 12 consecutive months and who no longer meet the eligibility requirements under that policy are eligible to continue their coverage for a period of not more than 6 months under the school's policy in effect at the time of such continuation. If an Insured Person
is still eligible for continuation at the beginning of the next Policy Year, the Insured must purchase coverage under the new policy as chosen by the school. Coverage under the new policy is subject to the rates and benefits selected by the school for that Policy Year.

Application must be made and premium must be paid directly to UnitedHealthcare Student Resources and be received within 30 days after the expiration date of the Insured's coverage. For further information on the Continuation Privilege, please contact UnitedHealthcare Student Resources.

Section 11: Definitions

**ADOPTED CHILD** means the adopted child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured’s residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child’s date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

3. Is chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31
days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually after
the two year period following the child's attainment of the limiting age.

CLAIM FORMS: Claim forms are not required.

PROOF OF LOSS: Written proof of loss must be furnished to the Company at its said office within 90 days after the date of such loss. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

TIME OF PAYMENT OF CLAIM: Indemnities payable under the Policy for any loss will be paid upon receipt of due written proof of such loss.

PAYMENT OF CLAIMS: All or a portion of any indemnities provided by the Policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

If due written proof of loss is submitted by a provider more than 45 days after the date of service or date of discharge, the Company shall have 60 working days to pay, deny, or pend the claim. Any written proof of loss submitted by an Insured shall be paid, denied, or pended within 45 working days from the date the Company receives the clean claim. These time limits do not apply if the claim could not be processed due to just and reasonable grounds which require the Company to investigate the claim further.

If due written proof of loss is submitted by a provider more than 45 days after the date of service or date of discharge, the Company shall have 60 working days to pay, deny, or pend the claim. Any written proof of loss submitted by an Insured shall be paid, denied, or pended within 45 working days from the date the Company receives the clean claim. The Company will pay its portion of the Insured’s attorneys’ fees or other costs associated with a claim or lawsuit to the extent that the Company recovers any portion of the benefits paid under this policy pursuant to this provision.

The Company has the right to reduce, offset, adjust, or lower the payment of a claim or any other amount owed to a health care provider for any reason unrelated to that claim or amount owed to the provider. Prior to any recoupment unrelated to a claim for payment of Covered Medical Services, the Company shall provide the provider with written notification that includes the name of the Insured, the dates of service, and an explanation of the reason for recoupment. The provider has thirty days from receipt of the notification to submit a written appeal the recoupment action. If no written appeal is submitted, the Company shall consider the recoupment accepted. If a recoupment is accepted, the provider may remit the agreed amount to the Company at the time of any written notification of acceptance or the provider may indicate that the Company shall deduct the agreed upon amount from future payments due.

If a provider disputes the Company’s written notification of recoupment and a contract exists between the provider and the Company, the dispute shall be resolved according to the general dispute resolution provisions in the contract. If no contract
exists between the provider and the Company, the dispute shall be resolved as any other dispute under Civil Code Article 2299 et seq. If the recoupment directly affects the payment responsibility of the Insured, the Company shall provide a revised explanation of benefits to the provider and the Insured for whose claim the recoupment is being made. Unless the recoupment of a claim payment directly affects the payment responsibility of the Insured, the recoupment shall not result in any increased liability of the Insured.

The Company shall not retroactively deny, adjust, or seek recoupment or refund of a paid claim for expenses submitted by a provider for Covered Medical Expenses rendered in good faith and pursuant to the Policy after the expiration of 18 months from the date the initial claim was paid. This shall not be construed to supersede any provision of law that prescribes a time period of less than eighteen months for the retroactive denial of payment or recoupment of monies paid for a claim or the reconsideration of the validity of a claim.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his Beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person’s request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide, free of charge and as soon as possible:
1. Any new or additional evidence considered by the Company in connection with the grievance; and
2. Any new or additional rationale upon which the decision was based.
The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

The Company shall issue a Final Adverse Decision in writing or electronically to the Insured Person or the Authorized Representative as follows:

1. For a Prospective Review, the notice shall be made no later than 30 days after the Company’s receipt of the grievance.
2. For a Retrospective Review, the notice shall be made no later than 60 days after the Company’s receipt of the grievance.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.

The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
   a. The date of service;
   b. The name health care provider; and
   c. The claim amount;

4. For an Internal Review decision that upholds the Company’s original Adverse Determination:
   a. The specific reason(s) for the Final Adverse Determination, including the denial code and its corresponding meaning, as well as a description of the Company’s standard, if any, that was used in reaching the denial;
   b. Reference to the specific Policy provisions upon which the determination is based;
   c. A statement that the Insured Person is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Insured Person’s benefit request;
   d. If applicable, a statement that the Company relied upon a specific internal rule, guideline, protocol, or similar criterion and that a copy will be provided free of charge upon request;

7. Notice of the Insured Person’s right to contact the commissioner’s office for assistance with respect to any claim, grievance or appeal at any time, including the telephone number and address of the commissioner’s office.

Expedited Internal Review

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person’s medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 1-888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare StudentResources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company’s decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company’s receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person’s ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on the determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person’s treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically. If the notice is provided orally, then the Company shall provide a written or electronic version of the notice within 3 days following the oral notice.

**RIGHT TO EXTERNAL INDEPENDENT REVIEW**

After exhausting the Company’s Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 4 months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company. Upon request of an External Review, the Company shall notify the Commissioner of the request within 1 business day.

**Where to Send External Review Requests**

All types of External Review requests shall be submitted to Claims Appeals at the following address:

**Standard External Review (SER) Process**

A Standard External Review request must be submitted in writing within 4 months of receiving a notice of the Company’s Adverse Determination or Final Adverse Determination.

1. Within 5 business days after receiving the SER request notice, the Company will complete a preliminary review to determine that:
a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
b. The Insured Person has exhausted the Company’s Internal Appeal Process;
c. The Insured Person has provided all the information and forms necessary to process the request; and
d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.

2. Within 5 business days after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SER.
   a. If the request is not complete, the Company’s response shall include what information or materials are needed to make the request complete;
   b. If the request is not eligible, the Company’s response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
   c. If the request is not eligible, the Insured Person or the Authorized Representative may submit a written request for reconsideration to the Commissioner. The Commissioner may determine that a request is eligible for external review and require that it be referred for external review.
   d. If the Commissioner determines that a request is eligible for external review, the Commissioner shall notify the Company and the Insured Person or the Authorized Representative within 5 business days.

3. After determining that a request is eligible for SER or after receiving notice from the Commissioner that a request is eligible for SER, the Company shall, within 1 business day, input a request for an assignment of an Independent Review Organization (IRO) through the Departments of Insurance website.

4. Upon notification through the website, the Commissioner shall:
   a. Assign an Independent Review Organization (IRO) from the Commissioner’s approved list;

5. a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company’s failure to provide the documents and information will not delay the SER.
   b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall, within 1 business day, advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.

6. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.

7. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
   a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SER.
   b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
   c. If the Company reverses its decision, the Company shall provide written notification within 1 business day to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.

8. Within 45 days after receipt of the SER request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Commissioner, the Company, the Insured Person and, if applicable, the Authorized Representative. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

**Expedited External Review (EER) Process**

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Company at the time the Insured Person receives:
   a. An Adverse Determination if:
      • The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
- The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or

b. A Final Adverse Determination, if:
   - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
   - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EER request, the Company shall send a copy of the request to the Commissioner within 1 business day.

3. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
   b. The Insured Person has exhausted the Company’s Internal Appeal Process, unless the Insured Person is not required to do so as specified in sub-sections 1. a. and b. shown above;
   c. The Insured Person has provided all the information and forms necessary to process the request; and
   d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.

4. Immediately after completion of the review, the Company shall notify the Commissioner, the Insured Person and the Authorized Representative, if applicable, whether the request is eligible for an EER.
   a. If the request is not complete, the Company’s response shall include what information or materials are needed to make the request complete;
   b. If the request is not eligible, the Company’s response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
   c. If the request is not eligible, the Insured Person or the Authorized Representative may submit a written request for reconsideration to the Commissioner. The Commissioner may determine that a request is eligible for external review and require that it be referred for external review.
   d. If the Commissioner determines that a request is eligible for external review, the the Commissioner shall immediately notify the Company and the Insured Person or the Authorized Representative.

5. After determining that a request is eligible for EER or after receiving notice from the Commissioner that a request is eligible for EER, the Company shall immediately input a request for assignment of a IRO through the Department of Insurance website.

6. Upon notification through the website, the Commissioner shall immediately assign an Independent Review Organization (IRO) from the Commissioner’s approved list and notify the Company of the name of the assigned IRO.
   a. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination.
   b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.

7. a. If the EER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EER.
   b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person’s grievance remains unresolved at the end of the EIR process.

8. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
   a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
   b. Notify the Commissioner, the Company, the Insured Person, and, if applicable, the Authorized Representative.

9. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

**Experimental or Investigational Treatment External Review (EIER) Process**

An Insured Person, or an Insured Person’s Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.
A request for an Experimental or Investigational External Review must be submitted in writing within 4 months of receiving a notice of the Company’s Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for an Experimental or Investigational Treatment External Review (EIER) with the Company.

2. Within 5 business days after receiving the SEIER request notice, the Company will complete a preliminary review to determine that:

   c. The Insured Person’s treating Physician has certified that one of the following situations is applicable:

      - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person’s condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
   e. The Insured Person has exhausted the Company’s Internal Appeal Process; and
   f. The Insured Person has provided all the information and forms necessary to process the request.

This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within 5 business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.

6. a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company’s failure to provide the documents and information will not delay the EIER.
   b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
7. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.

8. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day:
   a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the EIER.

BINDING EXTERNAL REVIEW
An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

Section 18: Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person’s coverage under the Policy terminates.

Covered Dental Services shall include all federally required pediatric dental benefits outlined under the 2014 FEDVIP Dental Plan. The FEDVIP Dental Plan can be found at: http://archive/opm.gov/insure/health/planinfo/2014/brochures/MetLife.pdf.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

**Network Benefits** - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured’s ID card.

**Non-Network Benefits** - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services listed in this section if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this section.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination. The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.
A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

**Pre-Authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

**Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this section.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

**Network Benefits:**

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

**Non-Network Benefits:**

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

**Dental Services Deductible**

Benefits for pediatric Dental Services provided under this section are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

**Out-of-Pocket Maximum** - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this section applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

**Benefits**

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services
The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this section.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:
- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:
- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this section which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:
- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
• Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
• Consistent with the diagnosis of the condition.
• Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
• Demonstrated through prevailing peer-reviewed dental literature to be either:
  • Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  • Safe with promising efficacy
    o For treating a life threatening dental disease or condition.
    o Provided in a clinically controlled research setting.
    o Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company’s reimbursement policy guidelines. The Company’s reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:
• As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
• As reported by generally recognized professionals or publications.
• As utilized for Medicare.
• As determined by medical or dental staff and outside medical or dental consultants.
• Pursuant to other appropriate source or determination that the Company accepts.

Section 19: Pediatric Vision Care Services Benefits

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-3242. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described in this section under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.
When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

**Out-of-Pocket Maximum** - any amount the Insured Person pays in Coinsurance for Vision Care Services under this section applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services under this section applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

**Policy Deductible**
Benefits for pediatric Vision Care Services provided under this section are not subject to any Policy Deductible stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services under this section does not apply to the Policy Deductible stated in the Policy Schedule of Benefits.

**Benefit Description**

- Insured Person’s itemized receipts.
- Insured Person's name.
- Insured Person's identification number from the ID card.

Section 4: Defined Terms for Pediatric Vision Care Services

The following definitions are in addition to those listed in Definitions section of the Certificate of Coverage:

Covered Contact Lens Selection - a selection of available contact lenses that may be obtained from a Spectera Eyecare Networks Vision Care Provider on a covered-in-full basis, subject to payment of any applicable Copayment.

Spectera Eyecare Networks - any optometrist, ophthalmologist, optician or other person designated by the Company who provides Vision Care Services for which benefits are available under the Policy.

Vision Care Provider - any optometrist, ophthalmologist, optician or other person who may lawfully provide Vision Care Services.

Vision Care Service - any service or item listed in this section in Section 1: Benefits for Pediatric Vision Care Services.

Section 20: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this section.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after ¾ of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling Customer Service at 1-855-828-7716.

Information on Network Pharmacies is available through the Internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If the Insured does not use a Network Pharmacy, no benefits are available and the Insured will be responsible for paying the full cost for the Prescription Drug.
Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy’s Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for Preventive Care Medications.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer’s packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer’s packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed, subject to its periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply or may require that a minimum amount be dispensed.

The Insured may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change, and therefore the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program through the Internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product, or, for a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.
If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may determine whether a Network Pharmacy is a Preferred Specialty Network Pharmacy through the Internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer’s packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

**Notification Requirements**

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured’s Physician, Insured’s pharmacist or the Insured is required to notify the Company or the Company’s designee. The reason for notifying the Company is to determine whether the Prescription Drug Product, in accordance with the Company’s approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring notification are subject to Company periodic review and modification. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured’s Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires notification through the Internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not notify the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.
Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's selection of Network Pharmacies may be limited. If this happens, the Company may require the Insured to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the designated single Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will select a single Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company’s Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on its behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others, therefore; a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

The Company may periodically change the placement of a Prescription Drug Product among the tiers. These changes will occur no more than one time per calendar year on the Policy effective date.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com through the Internet or call Customer Service at 1-855-828-7716 for the most up-to-date tier status.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured’s Deductible or taken into account in determining the Insured’s Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured’s Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company’s behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.
Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, medi-span or First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured’s Physician may not be classified as a Generic by the Company.

Network Pharmacy means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on the Company’s behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by the Company’s PDL Management Committee.
- December 31st of the following calendar year.

Non-Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a non-preferred pharmacy within the network.

Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a preferred pharmacy within the network.

Prescription Drug or Prescription Drug Product means a medication or product that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

- Inhalers.
- Insulin.
- The following diabetic supplies:
  - standard insulin syringes with needles;
  - blood-testing strips - glucose;
  - urine-testing strips - glucose;
  - ketone-testing strips and tablets;
  - lancets and lancet devices; and
  - glucose monitors.
**Prescription Drug Charge** means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** means a list that categorizes into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (no more than one time per calendar year on the Policy effective date). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.uhcsr.com or call Customer Service 1-855-828-7716.

**Prescription Drug List Management Committee** means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

**Prescription Order or Refill** means the directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

**Preventive Care Medications** means the medications that are obtained at a Network Pharmacy with a Prescription Order or Refill from a Physician and that are payable at 100% of the Prescription Drug Charge (without application of any Copayment, Coinsurance, or Deductible) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

The Insured may determine whether a drug is a Preventive Care Medication through the internet at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

**Specialty Prescription Drug Product** means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.uhcsr.com or call Customer Service at 1-855-828-7716.

**Therapeutically Equivalent** means when Prescription Drug Products have essentially the same efficacy and adverse effect profile.

**Unproven Service(s)** means services, including medications, that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

“Emergency Medical Event” means an event wherein an Insured Person’s medical condition and situation are such that, in the opinion of the Company’s affiliate or authorized vendor and the Insured Person’s treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person’s initial medical facility.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. Except for a Medical Emergency, Covered Medical Expenses incurred at a Preferred Provider facility by an Out-of-Network provider will be paid at the Out-of-Network level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Coinsurance, Copays, or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with Policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network Copays.

Student Health Center Benefits: The Deductible and Copays will be waived and benefits will be paid at 100% for Covered Medical Expenses incurred when treatment is rendered at the Student Health Center. No Deductible, Copays, or Coinsurance will be applied to Preventive Care Services received from the Student Health Center.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section of the Certificate of Coverage for a description of the Covered Medical Expenses for which benefits are available.
